### Chapter 1 by DarkOriaes

I had to kill my mom to survive.

I had to kill my friends to survive.

I had to kill anyone I cared about to survive.

Because they all turned, and I wasn't going to be like one of them.

Not yet.

I don't know when it happened or how everything went down in flames. I only knew that in two weeks I was going to go back to college. Continue my new life, away from Mom with her nagging. Away from the small close knit community of neighbors that gossip about everything.

Then the sickness started.

People started to be more afraid. Mom wanted me to stay indoors with her, but I had to know what was going on. My friend Milo was away on vacation, but he always told me that when shit went down go to his bunker. He was always a bit of a nut with the end of the world belief. That

or kept watching one too many episodes of Domsday Preppers.

I should have stayed with her.

I didn't know that the soldiers were leaving, I didn't know that the infected were already inside.

## Chapter 2 by Jayla Gettys

I stood there in the bunker knowing I could've saved her. I just watched her get torn apart like a piece of meat in a dog fight. I'm alone no one around except walkers, guess we all think suicidal now. All of a sudden there is a knock on the door.

?: Please help me , the monsters took my mommy, please mister help me!

I : ...are you alone

?: Yes yes just please let me in!!

I : Okay I'm opening the door slowly try anything I'll shoot.

?: Okay

?: Daryl ? Is that you?

D: Beth?

They both run into each others arms. Beth giving Daryl one kiss on his cheek.

D: You cant tease me like that!

B: Find me a shower and I won't.
